WORK EXPERIENCE

Synerry Corporation (Thailand) Co., Ltd.   **May 2025 – Present**
Full-Stack Developer

- Developed and maintained a government ministry web platform, ensuring high performance, and data security. Utilized Redis and Elasticsearch to enhance system response times and implement advanced search capabilities.
- Worked with frontend technologies including Nuxt3, Vue.js, and Tailwind CSS, and backend frameworks such as PHP (CodeIgniter, Laravel) and Node.js (NestJS).
- Managed databases including MySQL, MSSQL
- Collaborated with cross-functional teams, leveraging DevOps tools like Jenkins, GitHub/GitLab, Docker, IIS
- Assisted in API testing and security using Postman, Swagger, OWASP ZAP, and performance testing with JMeter.

Full-Stack Developer (Intern)   **Nov 2024 - May 2025**

- Analyzed, developed, and optimized existing systems to improve overall performance, stability, and maintainability.
- Collaborated closely with cross-functional developers to debug issues, enhance functionality, and ensure seamless system integration.
- Delivered new features based on client requirements with a focus on reliability, accuracy, and on-time completion.

EDUCATION

Ubon Ratchathani University   **2020 - 2024**
Bachelor of Science Program in Information and Communication Technology
